# Epilogue!...

Cette année fut particulièrement difficile, d'un cru exceptionnel de 11 TPS et 19 PS, je dirais : un millésime ! Les 8 enfants de l'an dernier, seulement, noyés dans cette marée hurlante, turbulente et "grouillante" furent totalement perdus !

Ce fut donc, très compliqué de dompter cette meute bouillonnante et désordonnée.

La mise au travail avec un grand "T", à travers l'élaboration de règles sociales, coopératives et constructives, avec ces individualités puissantes et en tous sens, s'avéra ardue, mais se révéla être le salut et l'apaisement de toute cette folie ! 40 numéros produits cette année : nombre jamais atteint jusqu' alors !

Dans l'organisation rigoureuse d'un milieu riche en expérimentations de tous ordres... Et l'Expression libre dans tous les domaines, artistique, littéraire, théâtrale, mathématique, improvisation chorégraphique, graphique, le dessin, le bricolage, les manipulations d'éléments naturels...

L'Expression libre, revendiquée, assumée, possible, stimulée, émergée, valorisée, présentée, posée comme le seul moyen, la seule alternative à l'émancipation créatrice, l'épanouissement de chacun, enfant et adulte, le développement de la créativité, du raisonnement, du questionnement sur le monde dans lequel on vit, la structuration de la pensée et la personnalité la construction de l'Être. Ce façonnement dirige la passion naturelle de l'Enfant vers sa propre recherche et son tâtonnement à travers la coopération qui donne du lien et du sens !

On grandit Ensemble. Merci aux poètes et écrivains du "MOI" ! de me permettre de grandir !!
